

Metis Consultants Proudly Announces B Corp Certification

Metis is proud to announce that it is one of the first Civil & Environmental Engineering Consultancies to achieve B Corp Certification. As a B Corp in the Civil Engineering industry, “we are counted among businesses that are leading a global movement for an inclusive, equitable, and regenerative economy”.

Luke Meechan, Chairman and Co-founder, commented:

“When we first heard about B Corp, we instantly recognised a movement that shared our ethos and values. The rigour of becoming a B Corp has helped Metis evolve its strategy and focus on areas where we need to improve, invest, and drive the right behaviours to ensure we continue to be a strong, sustainable business and a force for good.”
